Expectations of Chamber membership:

Member Value

Our mission is to lead and support economic growth and development in the Columbus Region. That means we work to attract new businesses into our Region; retain and expand businesses; and cultivate startups. We work to connect small, medium, and large corporate businesses with people, resources and information – all to help businesses grow and expand.

What does that mean for you? You can benefit from:

- Utilizing our cost saving programs such as for workers' compensation (CompManagement), health care (Anthem), or office supplies (Office Max), to name a few.
- Leveraging our Contacts to Contracts Program to connect to larger businesses and corporations to keep dollars in the Columbus Region.
- Participating in our Attract & Retain Talent initiative designed to build and maintain a workforce in our Region that meets business needs.
- Leveraging the Chamber's advertising and event sponsorship opportunities to increase the visibility of your business.
- Networking events designed to provide your business the opportunity to meet your next customer or supplier.
- Connecting with public sector officials to voice your opinion and concerns while the Chamber advocates on behalf of all members for a business-friendly environment.

Our Premier members have access to additional member benefits including: Web site visibility, the ability to submit news stories to the Chamber's Web site, an enhanced member listing and additional listing on the Chamber's member directory, five targeted introduction letters to Chamber members of your choice, special event invitations, and access to our membership database four times per year.

The annual dues amount is dependent upon the number of employees in your business.
