

“Creating Relationships via Email” Learn to speak the *Language of Email*
Learn to convert Email inquiries into Clients!

Don't Hit Send™

A Breakthrough in E-Mail Communication

Successful communication is about **connecting** with others. **Email** is the most used form of communication in the world today. **Don't Hit Send™** is about **creating immediate rapport** and uniquely connecting with each person you email **by generating a response** that will improve your business and advance your career.

“95% of most email responses to initial customer inquiries.... do not develop relationships”

Marvin Sadovsky, PhD
