**GRESHAM, SMITH AND PARTNERS ANNOUNCES  
PROFESSIONAL ACCREDITATION**

**Columbus, OH– June 9, 2009** -- Gresham, Smith and Partners, a leading national architecture, engineering, environmental and planning firm, is pleased to announce that Tom Dietrich has earned the U. S. Green Building Council's Leadership in Energy and Environmental Design (LEED®) professional accreditation. Tom is providing assistance in the areas of environmental compliance, sustainability and Environmental management Systems (EMSs). As clients face more and more questions regarding sustainability, Tom will use his LEED training to assist in this burgeoning environmental movement.

###

**About GS&P:**

Gresham, Smith and Partners provides design and consulting solutions for the built environment that contribute to the success of national and international clients. For more than 40 years, GS&P has focused on enhancing quality of life and sustainability within communities. GS&P consists of industry-leading professionals practicing architecture and engineering design as well as scientists and highly specialized planning and strategic consultants in Aviation, Corporate and Urban Design, Environmental Compliance, Healthcare, Industrial, Land Planning, Transportation and Water Services. GS&P consistently ranks among the top architecture and engineering firms in the United States. For more information regarding GS&P, visit [www.gspnet.com](http://www.gspnet.com).
